Form 990 - Additional Information**Summary**

Women's Resource Medical Centers of Southern Nevada is a faith based, community supported, non-profit organization that is committed to reducing the demand for abortion by supporting pregnant women and their families. The organization has been serving families in southern Nevada since 1985. Our programs are complementary to our clients and they are paid for by direct donations from our community. We do not receive government funding, nor do we bill Medicaid. We do not charge our clients a fee for service. The 42 month lifecycle of our client care begins at pregnancy and ends when their baby turns 3 years old. We do not discriminate in providing services because of race, creed, color, national origin, age, sexual orientation or marital status. Our income sources are provided by individual gifts, organizations and events.

Vision Statement

To end the demand for abortion in Southern Nevada by providing Truth, Hope and Love.

History and Current Status

Established as a faith-based, charitable 501 (c)3 organization in 1984 and opening to receive clients in 1985, Women's Resource Medical Centers of Southern Nevada is currently celebrating three decades of service. Statistics from the Center for Disease Control and the Alan Guttmacher Institute indicate that 93% of all abortions occur because of social or economic reasons and that 50% of women who have had an abortion in the past are more likely to have another. Nevada has been identified as one of the

top 10 "at risk" states for high abortion rates. Recent statistics from the state of Nevada show that 69% of women having abortions are economically disadvantaged. Nevada is ranked 48th of the 50 states for its high percent of births to mothers with little or no prenatal care. If given early enough, prenatal care helps to prevent congenital malformations, low birth weight and infant death. Congenital malformations are now the leading cause of infant mortality in the U.S. and the fear of not being able to access or afford prenatal care is one of the top drivers that lead women to consider abortion.

Since 1985 we have personally met with some of these women and we have found that the majority of them would not choose abortion if they simply had someone to assist them in their circumstance. The organization acts as a charity and is not a political entity. All of the services that we offer are free of charge to our clients.

Community Impact

Our impact is no longer understated. The Associated Press recently released the results of a study that was conducted that found a nationwide decrease in abortion from 2010 to 2015 of 12%. As the study was broken down by state, it compared the number of abortions performed by the accessibility of obtaining an abortion. The study found that without passing any new legislation to restrict or limit abortion and without any clinics closing, the state of Nevada realized a 22% decline in abortions performed. The average number of abortions performed in our state is 11,000 per year. Within that same time period, Women's Resource Medical Centers of Southern Nevada saved 10,008 babies who were vulnerable to abortion.

Care Essentials, Postpartum Fundamentals, Parenting, Relationships and Marriage.

Baby and Maternal Supplies

Our clients have access to shop in our Values Boutique using the values points that they have earned by participating in our other programs such as educational classes. In the Values Boutique, they are able to obtain maternity and baby clothing, cribs, car seats, diapers, formula and other related items that will support them with their new baby. These material needs are available to them up until the baby turns 3 years old.

Speaker Bureau

WRMCSN Speaker Bureau topics include: post abortion healing, prevention services/abstinence education, abortion education, fatherhood and testimonials. Our speakers are available to the community and other nonprofits free of charge.

Post Abortion Support Groups

The Healing and Education of Abortion Related Trauma (H.E.A.R.T.) program is a confidential 10-week small group experience that is dedicated to giving post-abortive women a safe and comfortable place to search for healing. The Forgotten Fathers program is the same format as H.E.A.R.T., but designed specifically for post abortive men. The groups are made up of only those whom have personally experienced abortion and the groups are led by post-abortive men and women who have received healing and have been trained to facilitate H.E.A.R.T. and Forgotten Fathers groups.

THE PROGRAM/ PROJECT

Our prenatal care program was launched September of 2017. We identified a

gap in our services that hindered the continuity of our compassionate, complimentary care to our clients. The majority of the pregnant women whom we serve do not receive proper prenatal care that will allow them to have healthy pregnancies and healthy babies. Nevada is ranked 48th of the 50 states for its high percent of births to mothers with little or no prenatal care. If given early enough, prenatal care helps to prevent congenital malformations, low birth weight and infant death. Congenital malformations are now the leading cause of infant mortality in the U.S. and the fear of not being able to access or afford prenatal care is one of the top drivers that lead women to consider abortion. In Nevada, 56% of the female population age 15 to 54 is uninsured or underinsured. Women's Resource Medical Centers of Southern Nevada is the only organization in southern Nevada that offers free prenatal care.

We also found that in the state of Nevada, 48% of children in low-income families live with a single parent. There is a strong relationship between single parenthood and family poverty. It is critical to empower young families to attain a higher standard of living and to gain a higher level of competence in the nurturance and education of their children. This is why we are including educational classes that will encourage marriage and parenting and are directly attached to an "earn while you learn" incentive plan that allows our clients to redeem their graduation certificates for items in our baby boutique.

Values Pregnancy Program will address the accessibility of prenatal care among uninsured or underinsured female population in southern Nevada.

Values Pregnancy Program, which includes; prenatal care, labs, monthly prenatal vitamins, parenthood educational classes for mothers and fathers and material resources for their newborn baby.
