

# Personal Advocate Requirements and Expectations

---

## The purpose of the Personal Advocate Training Program

This training provides important information on a wide range of subjects. Our goal is to educate and equip Missionaries who are called by God to save innocent lives and to bring the Gospel Message of Jesus Christ to those whose minds are set on death.

The Personal Advocate will learn how to gather necessary information from the client in order to assess their needs, help them set future goals and share the Good News of Jesus Christ. The Personal Advocate will be required to enter client data into our database, while communicating the benefits of our programs. The Personal Advocate will be responsible for scheduling the client's next appointment(s).
